

Expectations, experiences and impact of engagement between health researchers and schools in Kenya

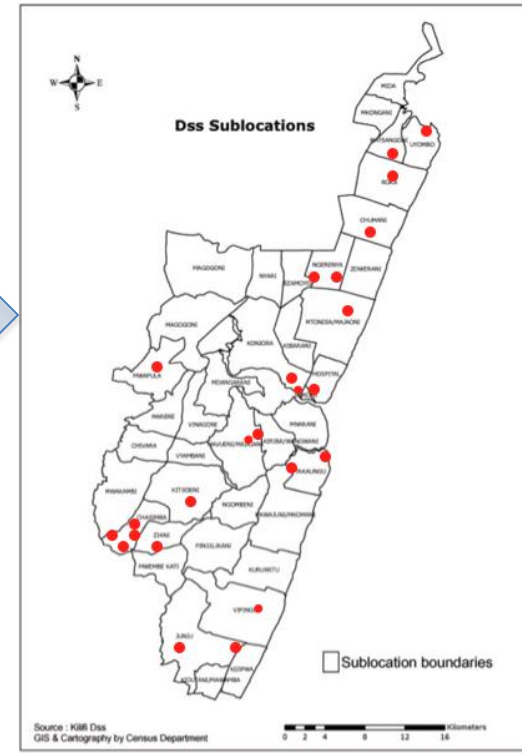

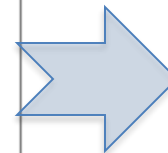

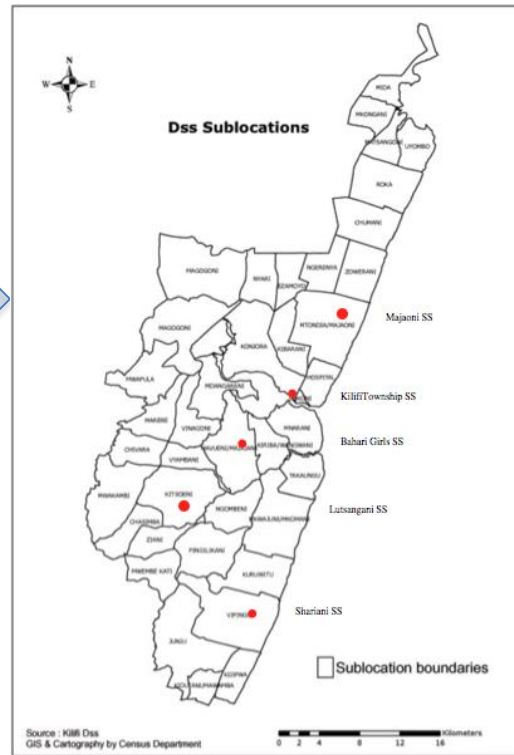

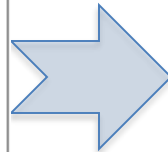

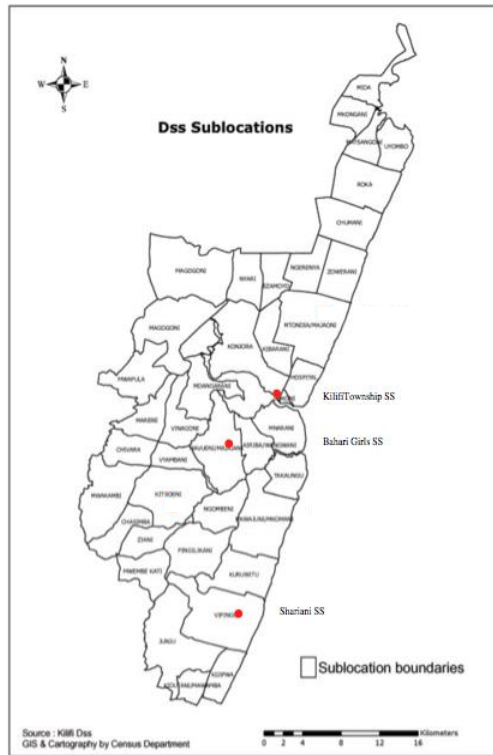

Alun Davies
February 2016

KEMRI Wellcome Trust

Scaling-up: The need for novel approaches

2010 – Outreach to 3 secondary schools

2012 – Outreach to 5 secondary schools

2015 – Outreach to 25 secondary schools

Current Schools Engagement Programme

Face-to-face activities -
5 schools per year

Less Intensive
engagement – up to 20
schools per year

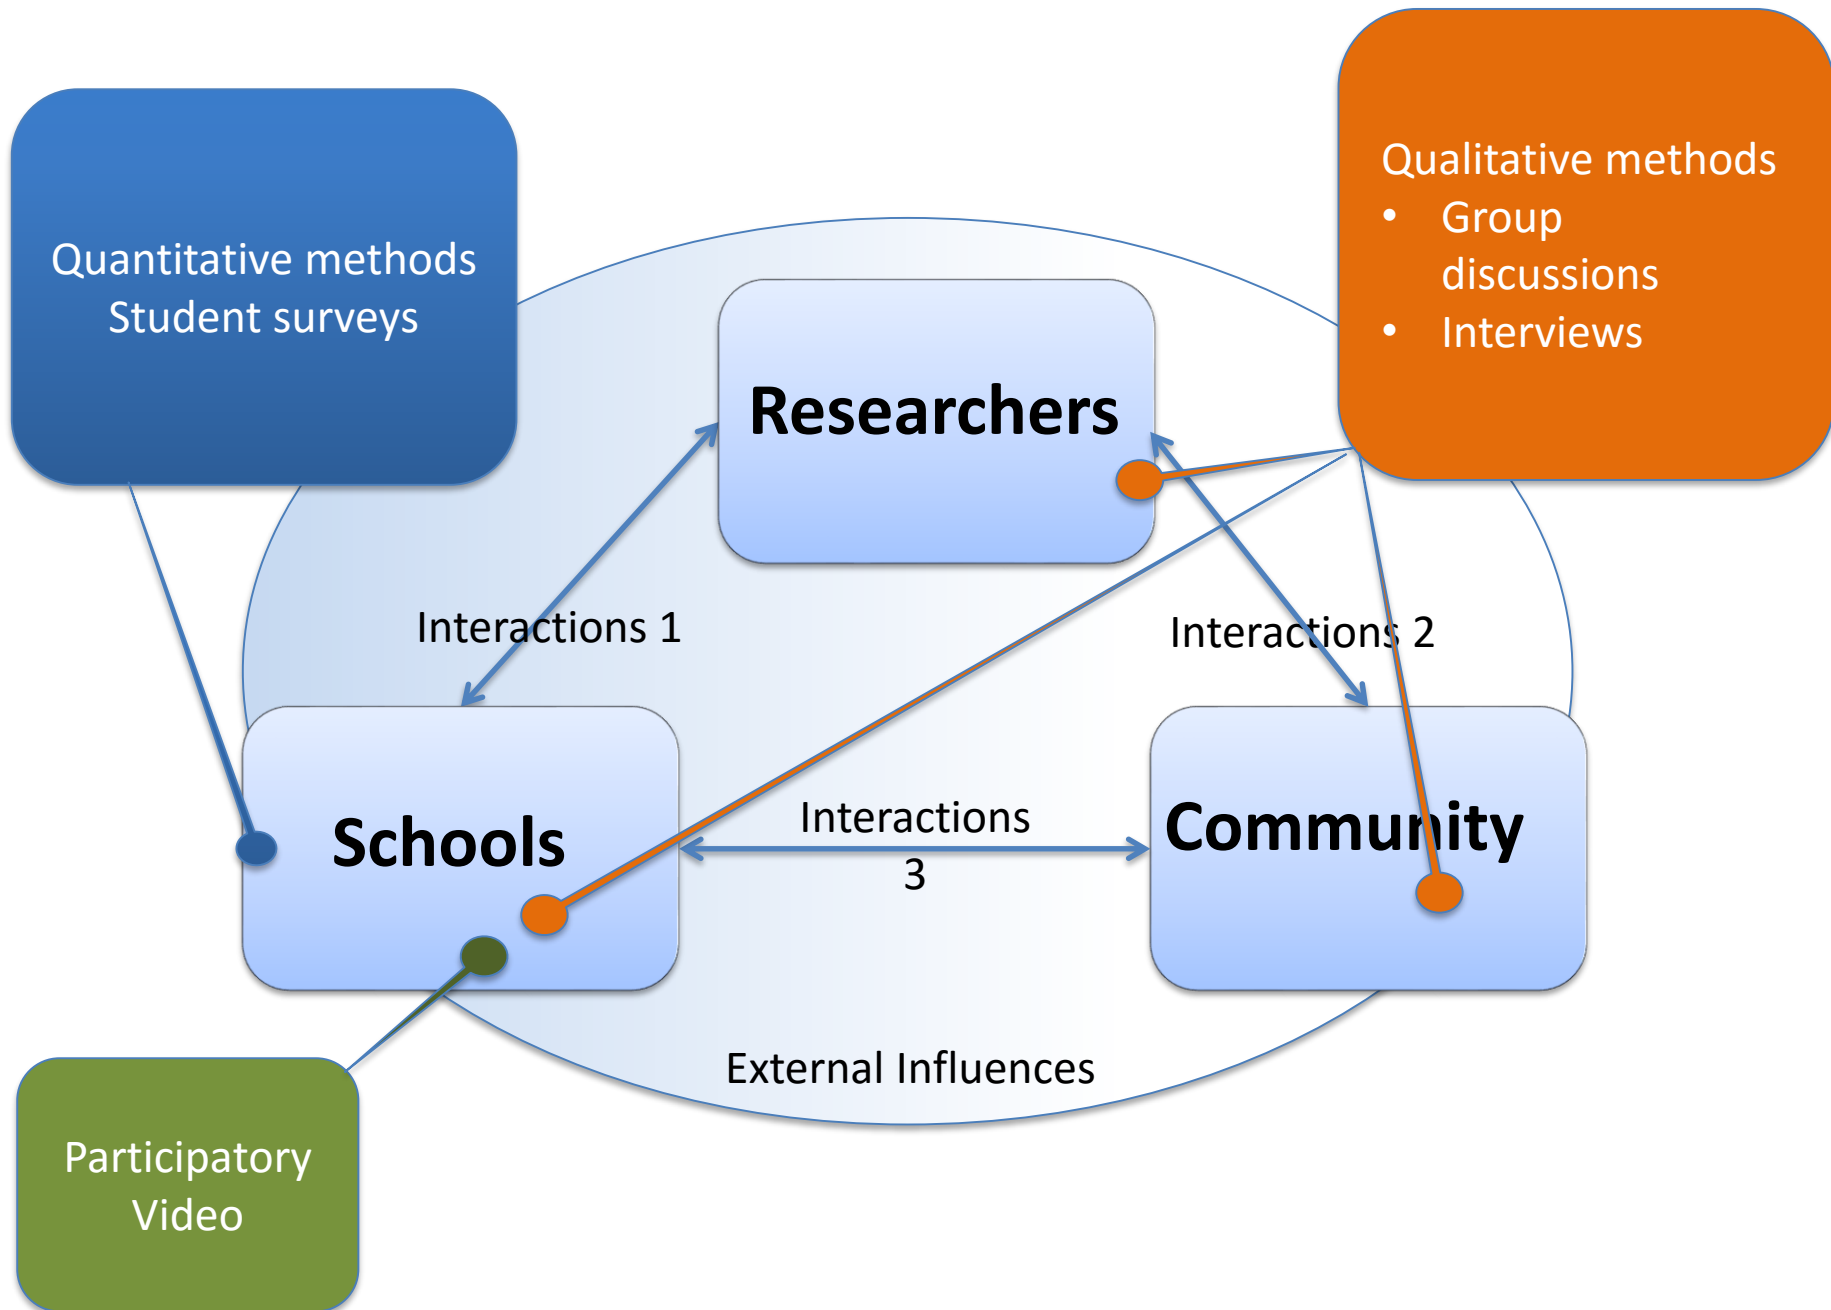

- Students visiting KWTRP
- Researchers visiting schools
- Support with school science clubs
- Science debate competitions

- Science competition and symposium
- On-line interactions
- I am a scientist get me out of here
- SEP-KEMRI website

Current Schools Engagement Programme

School leavers attachment scheme

- 9 top performing students from Kilifi County
- 6th cohort of 9 currently being recruited
- Annual 3-month attachment

Thanks
