ALERRT
African coaLition for Epidemic Research, Response and Training

Characterisation Protocol for Severe Emerging Infections:

Site File Tier and Sub-Study Record

This sheet records which protocol version and recruitment tier is active in this centre, and if any sub-studies are active. It should be placed at the front the site file. If this sheet is superseded, score a single line in ink across this sheet and place another sheet in front of it.

Recruiting centre: PI:

TIER RECORD

Date	Protocol version	Tier	PI signature

ALERRT
