

REDe, SSI and ZIKAction invite you to a 4 – day workshop on:

Research Proposal Writing Workshop

Scientists and researchers based across developing countries are often unable to compete for funding awards due to scarcity of opportunities but also other reasons, such as lack of writing skills. Our Research Proposal Writing Workshop provides scientists and researchers with the skills and tools they need to write a strong research proposal which is the first step towards securing a funding opportunity. Through the provision of open lectures combined with tailored 1:1 tutoring, at the end of the workshop, full participants will have a comprehensive first draft of a research proposal ready for submission. The open lecture sessions of this workshop will be delivered in both Spanish and English, with live translation available to all attendees in both languages

5th – 12th – 19th – 26th August 2021

Sessions begin each day at:

08.00 – 16.00 San Jose/CST | 11 am – 7 pm Brazil/BRT | 15.00 – 23.00 UK/BST

Requirement for full participants

Proficiency to speak and write in Spanish or English

The 1:1 tutoring sessions will be conducted in both Spanish and English (participants will be allocated accordingly)

Full commitment

To benefit fully from this experience, participants will be expected to dedicate time to all aspects of the workshop

Having a well-developed research question

You need to have a clear understanding of the general objectives, hypothesis, justification, methodology and expected results of your project
