Emergency preparedness team deliver training in partnership with NCDC

In July, the IHR Project’s Emergency Preparedness Resilience and Response (EPRR) Team responded to a request from colleagues at the Nigerian Centre of Disease Control (NCDC) and travelled to Nigeria to provide a workshop on the use of Simulation Exercises as a tool for strengthening epidemic preparedness as well as a 2-day Table-Top Exercise to validate and familiarise government agencies with the Nigeria National Public Health Multi-Hazard Emergency Preparedness and Response Plan.

Read about the collaboration between the IHR EPRR team and NCDC colleagues.

Where do we go from here? Improving subnational health security assessments in Nigeria

The IHR Project and Resolve to Save Lives (RTSL) have been close partners in Nigeria for several years.

The projects have recently collaborated to develop and pilot a sub-national health security assessment tool for Nigerian States.

Dr. Emmanuel Agogo, RTSL Nigeria country representative, reflects on the need for a sub-national IHR capacity assessment tool and the pilot so far.

Read Dr Agogo’s reflection on our hub.

Colleagues at a subnational health security assessment pilot in Nigeria

Updates from the IHR Project

Access the latest news from the IHR Project and its partners on the News page of our online knowledge hub.
IHR Project Annual Review 2019-20

This IHR Project annual review covers the period of April 2019 - March 2020 and has recently been published on the IHR Project Knowledge Hub.

The IHR Project team and Department of Health and Social Care Global Health Security Team (DHSC GHS) both provided input for this review. The IHR Strengthening project teams provided the content and accumulated the inputs from across it's project teams and partners across the target theatres of engagement. The DHSC GHS team stated "The IHR Strengthening project has had another successful year of delivery, making progress at country and regional level. The IHR Strengthening project has taken a leading role in developing strong links with Africa CDC which has benefited not only other Global Health Security projects but across government."

Access the document here.

Workforce development tool:
Setting Our Vision - How This Helps Leaders

The September ‘tool of the month’ from the IHR Project’s Workforce Development Team looks at the topic of vision setting and how this helps leaders.

This is the fourth ‘tool of the month’ from the IHR Project’s Workforce Development Team and over the coming months they will be sharing their favourite concepts, models, hints and tips to help our teams in all different work environments. Please come back each month to see what they are sharing!

September Wellbeing Tip
As Autumn is approaching and the days are getting shorter, make sure you are making the most of these last bits of Summer sun! Taking regular breaks from your desk and getting some vitamin D by going for a short walk is a super great way to boost your mood and look after your wellbeing.
