

Outbreak Research Data Management

Title:

PowerPoint slide download

Abstract:

Post-Study Phase presentation

Document:

ALERRT_WP3_Data_Management_-_ICT_Aspects_Post-study_phase.pdf

Authors:

Harry van Loen and Hanne Landuyt

Hub publication date: 1st June 2023

DOI: <https://doi.org/10.48060/tghn.110>

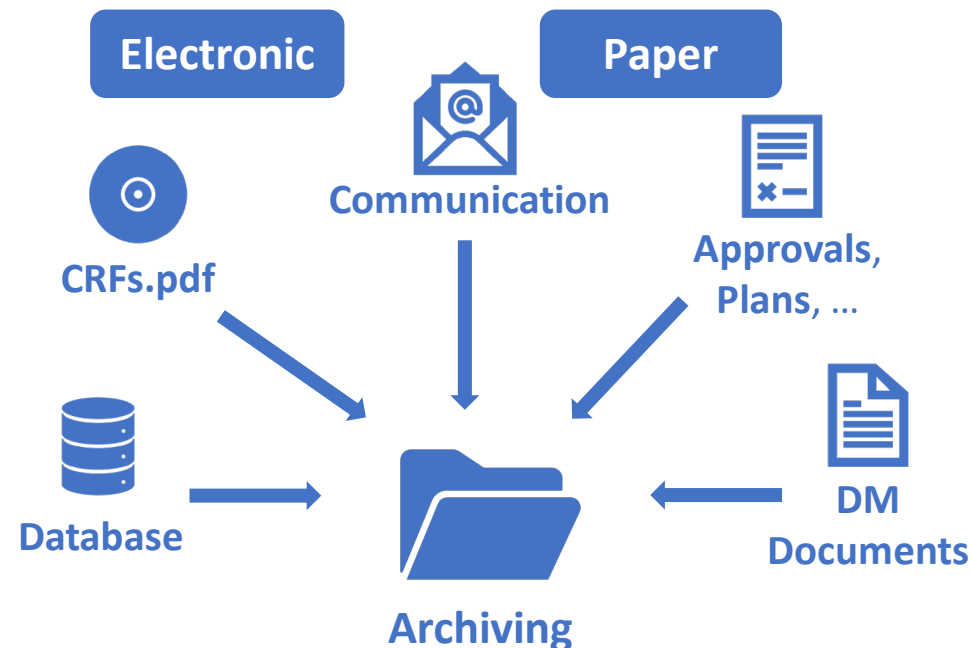

Document is part of: <https://doi.org/10.48060/tghn.26>

Post-Study Phase

17. Archiving

- Allow reconstruction of research & adherence to regulations
- At Sponsor
- At Site(s)
- Duration of Storage!
- Place of storage
 - Physical
 - Virtual
- Types of documents:

18. Data Management Report

- **Deviations** of the DMP
- **Quality** issues
- **Error** rates
- **Unresolved** issues
 - Discrepancies
 - Edit checks
 - Missing data

Data Management Report

19. Data Sharing

- **Regulatory, funder or publisher requirements?**
- **Security and Confidentiality**
 - Measures
 - Anonymization
- **Agreements**
 - **What data & metadata**
 - **Who** involved and contacted
 - Which **format**
 - **How** → data sharing mechanism (e.g. completion of request form, review by DAC; data transfer agreement)
 - **Where** → repository

DAC= Data Access Committee

DMP Revision History and Approval

Revision history

Version n° & Date	
-------------------	--

Approved by

Project Lead*	
Name & Function	
Signature & Date	
Head of CTU	
Signature & Date	

*Adapt (Coordinating Investigator and/or PI) and create a row more if needed
