Meeting ID: 831 5127 4643

Passcode: 254845

ALL are welcome to attend – please disseminate widely.

If interested in presenting during this series, please contact the HeLTI Office: helti@helti.org

- **Brief description of presentation (A few sentences would be great)**

Epistemic Justice refers to the values and power hierarchies inherent within the knowledge systems we create and maintain. Using this perspective, I examine preconception health from the view of the Health Helpers in the South African Bukhali study. In this presentation, I discuss some initial findings from this qualitative, empirical bioethics research.
