

Strengthening good practices in Clinical Trials in Latin America

ACTIVITY REPORT

18-03-2025

IN-PERSON WORKSHOP

About the Workshop

MODALITY: In-person

DATES: 18/03/25 from 09:00 to 17:00

LOCATION: Instituto de Efectividad Clínica y Sanitaria
Emilio Ravignani 2024, Barrio de Palermo
Buenos Aires - Argentina.

The event was dedicated to discussing the practical implementation of the guidelines for good clinical trials (ECCA) from the World Health Organisation and the Good Clinical Trials Collaborative (GCTC).

21

Participants are active in the field of research, in ethics committees, and in regulatory agencies.

The participants have:

1. Recognised the importance of the new recommendations for the design and conduct of ECCAS;
2. Identified the elements relevant to the quality, scientific validity, and governance of data in ECCAS;
3. Deepened the role of ethics committees in the proper conduct of ECCAS;
4. Discussed the challenges of implementing the recommendations in the local context.

Panel of experts

Fernando Althabe

Obstetrician and Master in Epidemiology from the University of London. He is the lead researcher in the Department of Maternal and Child Health Research and the Medical Officer of the Maternal and Perinatal Health Unit at HRP/SHR/WHO. He is also a senior researcher at Argentina's National Scientific and Technical Research Council (CONICET) and an associate professor at Tulane University in New Orleans (USA).

Mabel Berrueta

Coordinator of the Statistics Unit, Data Management and Information Systems at the Institute of Clinical and Health Effectiveness. She has extensive experience in teaching, having worked as a professor and director at Favaloro University and the University of Buenos Aires.

Carlos Burger

Lawyer specialised in medical ethics, Coordinator of the Central Ethics Committee in Research at the Ministry of Health of the Province of Buenos Aires. He is a member of the CEPI at the Italian Hospital of Buenos Aires and a collaborator with the Pan American Health Organisation (PAHO).
