

Healthy Life Trajectories Initiative (HeLTI) Trainee and Early Career Researcher (ECR) Monthly Seminar Series presents:

Presenter:

Dr. Kalyanaraman Kumaran

Professor of Public Health; Senior Scientist

University of Southampton, UK; Swami Vivekananda Youth Movement
and Holdsworth Memorial Hospital, Mysore

Topic: DOHaD research in Mysore and challenges in longitudinal studies

Brief Description: This presentation will cover the evidence for intergenerational programming of NCDs generated from the longitudinal studies in Mysore involving two birth cohorts - the Mysore Birth Records Study, a group of men and women born in the Holdsworth Memorial Hospital between 1934 and 1955; and the Parthenon Cohort, a group of men and women born in the same hospital during 1997-98. It will also cover some of the challenges faced in maintaining longitudinal cohorts.

Presenter:

Dr. Kumar Gavali Suryanarayana

Head of Health Sector at Swami Vivekananda Youth
Movement, Mysore, India

Topic: Challenges in setting up and conducting HeLTI India

Brief Description: This presentation will cover the challenges in setting up and conducting HeLTI India, solutions that were considered, and the consequent adaptations made to the conduct of the study.

When: Monday, June 2nd at 8:00 EDT (13:00 BST; 14:00 SAST; 17:30 IST; 20:00 CST)

ALL are welcome to attend – please disseminate widely.

If interested in presenting during this series, please contact the HeLTI Office: helti@helti.org

See the next page for future seminar dates
