Dalberg

Dalberg Global Development Advisors is a global development consulting firm working to build a more inclusive and sustainable world where all people, everywhere, can reach their fullest potential. Solving pressing challenges on a myriad of issues such as health, environmental and climate change, unemployment, education, agro investments etc. through systemic change

Website - <https://dalberg.com/>

The Climate and Health Online Network operates around **four key functions**:

1. **Connection** - connect changemakers, expand to other stakeholders and the ecosystem
2. **Collaboration** - provide tools and spaces to easily collaborate on joint initiatives
3. **Knowledge seeking and sharing** - reference to search for CxH related resources and opportunities
4. **Knowledge generation** - opportunity for thought leadership pieces and showcasing of work

MARTHA KOMBE

*Youth Climate and Sexual Reproductive Health Advocate,
Kenya*

As a staunch advocate for reproductive justice, Martha understands that climate change disproportionately affects women and marginalized communities. She integrates this awareness into her public health strategies. As a digital and community expert, she ensures that environmental actions are also gender-responsive and equity-driven through digitalization

GAURI SINGH

Climate Movement, Pan-India Collective Youth for Climate India

Gauri is a second year Journalism and Mass Communication student at St. Xavier's College, Mumbai. Originally from Delhi, she became a part of the climate movement in 2020 with the Pan-India Collective Youth for Climate India.

The complexities and intersections our society have always driven Gauri to learn as much as she can about the world as a result of which she developed an avid interest in politics, global affairs, and social justice movements. In an informal capacity, she tries to engage in conversations and discourses over issues of gender-based inequities and incline her academic projects in the same direction

GIFT MWAKA

*Livelihoods and Gender Manager at Restless Development,
Zambia*

CxH Changemaker

A Livelihoods and Gender Manager at Restless Development Zambia, a youth focused Non-Governmental Organization working to deliver youth leadership for change. Gift is also responsible for Climate Justice in the Zambia Hub and works with a youth collective of over 156 local civil society organizations that have formed a social movement for climate. The movement uses feminism to engage in intergenerational dialogue for climate. He hopes to learn about more tools and approaches that will accelerate the implementation of Zambia's Nationally Determined Contributions

Wrap up

- Appreciation
- Second learning survey
- Mentimeter feedback survey
