# CxH PUBLIC ENGAGEMENT Leadership Program

---

Online Network

June Learning Event

Collaboration in Practice: Across themes, regions, interests and expertise

3 July 2024

The **June learning event** is a **hands-on practical** session to think about **collaborative topics** and ideas amongst network members

The Climate and Health Public Engagement Changelog Network

*invites you to our JUNE online learning event*

***“Collaboration in Practice:  
Across themes, regions, interests and expertise”***

**This will be a practical hands-on session where members think about activities they can collaborate on together and also on topics around the collaborative mini-grant.**

Meeting ID: 339 592 5503      Passcode: 123456      Contact: Yvonne.Jonah@dalberg.com

**Dalberg**

Wednesday July 3rd 2024  
11am - 12.30pm GMT  
07am - 08:30am EST  
Duration: 90 minutes  
By Zoom

## Objectives

- *Facilitate connections for more meaningful approaches, innovation and learning towards shared interests to spark collaboration amongst network members*
- *Facilitate sharing and learning from participants on their collaboration experiences, including challenges they've overcome, tips, and practices*
- *Increase the number and quality of collaborations by members of the online network (longer-term)*

# Contents:

- Welcome and Update (15 mins)
- Session Activity 1 & 2 (60 mins)
- Wrap-up (05 mins)
- Mini-grants buffer time (10 mins)  
(Optional)

To broaden cohort connection and integration, we are **introducing four WT grantee** communities, **APHRC, OUCRU, MLW** and **AHRI** to the network!

Grantee Partner	About	Composition
 <b>African Population and Health Research Center</b>	A <b>research-to-policy institution</b> , generating evidence, strengthening research and related capacity in the African research and development ecosystem. Based in Nairobi	Early staged cohort of about <b>24 members</b> in various CxH sub sectors - food systems, environment, policy engagement, communications and advocacy
 <b>oucru</b>	A locally-driven <b>research programme on infectious diseases</b> in Southeast Asia with local, regional and global impact on health	<b>Cohort of 15</b> in engagement and health research backgrounds in CxH
 Malawi Liverpool Wellcome Programme	Conducts high quality <b>research to improve health</b> and train the next generation of researchers. Based in Malawi	<b>2 cohort members</b> in the public engagement space
 <b>AHRI</b> AFRICA HEALTH RESEARCH INSTITUTE	A <b>research institute</b> that combines population, basic and translational, social, and clinical sciences to <b>understand and intervene in the health and well-being</b> of South Africans	<b>2 cohort members</b> in the public engagement space

### Coming soon...

WT grantee partners:

- Science for Africa

WT cohorts:

- Heat adaptation
- Early career researchers
- G7 mitigation
- Climate impact awards
- Kemri-Wellcome

# Apply for the Mini-Grants!

## CxH Online Network Mini-Grants

Launching June 2024

We are excited to launch the CxH Online Network Mini-grant Fund!

We know you have a wealth of ideas to advance knowledge and build ecosystem connections at the intersection of climate and health. This Fund will operate as two mini-grant programs, which together aim to incentivise new collaborations, innovative activities, and collective momentum within the online network.

### Opportunity 1

#### Collaborative Knowledge Generation Mini-grants

Grants of £300-£500 awarded jointly for proposals in which two or more Changemakers work together on a new CxH knowledge product.

**Illustrative activities include -**

- Developing a blog post, short video, or mini podcast sharing learnings from past research
- Development of a mini content module to share on MESH
- Development of a grant proposal using tools from the original Changemaker curriculum

### Opportunity 2

#### Online Network Ambassador Mini-grants

Grants of £300-£500 to individual Changemakers to advance CxH ideas and tools at external events or with non-Network communities.

**Illustrative activities include -**

- Preparing CxH material to share at a climate or health-focused conference
- Train-the-trainer subsidy for sharing Network content with a third-party community
- Preparing a share-out for the Network from relevant event

**Apply now!** To apply for either or both grants, [use the short form here](#).

Reach out to the Program Team (Yvonne.Jonah@dalberg.com) or on the [WhatsApp group](#) with any questions.

## Activity 1 (10 mins)

**Individual activity:** Take 5 mins to reflect on the following prompts:

- What are the **three most exciting topics** you've worked on in the past year?
- What are **three new topics you care about** that you would like to explore further in the next year?

Capture your topics on this **activity worksheet**. Take a few minutes to read what others have shared.

## Activity 2 (50 mins)

**Group activity:** You will join 2 breakout groups, randomly assigned.

*In each group, spend **20 mins**:*

- *Share with your group one exciting topic you care about that you have worked on and one that you would like to work on*
- *Discuss ideas that may be interesting to collaborate on together (e.g., thought leadership, projects, proposals, knowledge sharing, etc.), and also how the mini-grant could help you advance this collaboration idea*
- *Capture 1-2 ideas on the **activity worksheet** for your group*

**After the second round of discussion, we'll share out in plenary for 10 mins.**

***Note: Each group should decide who should capture notes on the worksheet and who will share back in plenary.***

# Mini-grants buffer time

Do you have any  
further questions or  
reflections?
