May learning event: More effective collaborations for systemic impact
Welcome and ON updates

May 2024

Welcome!

P.2

The **May learning event** amongst other objectives aims at **increasing the number and quality of collaborations** among network members

Dalberg

The Climate and Health Public Health Changeloger Community

invites you to our MAY online learning event

"More effective collaborations for systemic impact"

Our SPEAKER:

**JORDAN
FABYANSKE**

Wednesday 29 May 2024
Time: 2pm-3pm GMT
10am-11am EST
9am-10am CDT
By ZOOM

Do not miss!!!

This will be a skills-building training session facilitated by Dalberg experts, combining presentation of relevant frameworks and case studies, along with group reflections, exercises, and Q&A

Meeting ID: 339 592 5503 Passcode: 123456 Contact: Yvonne.Jonah@dalberg.com

Objectives

- Provide participants with the perspectives, frameworks, and guidance to better collaborate across contexts (organizations, regions, skills differences, areas of expertise, etc.)
- Facilitate sharing and learning from participants on their collaboration experiences, including challenges they've overcome, tips, and practices
- Increase the number and quality of collaborations by members of the online network (longer-term)

Methodology

- A skills-building training session facilitated by Dalberg experts, combining presentation of relevant frameworks and case studies, along with group reflections, exercises, and Q&A.

Network Updates

- *Introducing new cohorts (Eh!woza, APHRC)*
- *Monthly learning events*
- *WhatsApp restructuring*
- *Mini-Grants*

To **broaden cohort connection and integration**, we are introducing two WT grantee communities, **Eh!woza** and **APHRC** to the network! 🎉

EH!WOZA.com

**African Population and
Health Research Center**

About Eh!woza

*Eh!woza operates at the intersection of science communication, youth advocacy, **community engagement**, and skills development to merge the biomedicine of disease with its social impact. It is based in Cape Town, South Africa.*

Cohort composition

Comprises **two cohort members** supporting Eh!woza's media and documentary work in the intersection of CxH.

About APHRC

*APHRC is a **research-to-policy institution**, generating evidence, strengthening research and related capacity in the African research and development ecosystem, and engaging policy to inform action on health and development. It is headquartered in Nairobi, Kenya.*

Cohort composition

An early staged cohort of about **24 members** in various CxH sub sectors of food systems, environment, policy engagement, communications and advocacy.

Coming soon...

WT grantee partners:

- OUCRU
- Science for Africa
- AHRI

WT cohorts:

- Heat adaptation
- Early career researchers
- G7 mitigation
- Climate impact awards

The network will **host events monthly**. We have curated **different monthly event types** along with some **tools and guidelines** to support the Network Management Team with running learning events with ease.

1

A **live spreadsheet** with a log of the types of events that could be run as well as a tentative calendar of events for the next 6 months.

	B	C	
	type	Nature of event (content, skills, info, spotlighting)	Description
	session	Info	This is a knowledge sharing session also a question and answer session Example - An info session with Sarah on a W and seek clarity - A Mesh info session with Alun
	light	Spotlighting	A network member's work is being members to share their thoughts, q advisory session as the aim here is work towards solving the climate a Example - Monika sharing on her recentty p - Sheena sharing on her recent win
	entation	Content	This is typically getting a speaker or subject matter to network member responses etc Examples - Sharing lessons from COP 28 - Monika sharing about her recent
	d	Content	A set of 3 to 4 panel of experts shar Example - April learning event with 3 panel: health effects of the planetary crisi

2

A template of **posters to announce the monthly event schedule** across network platforms.

Monthly Events

Apr - Jun

Member-led Network event
3 Apr 2024 / Zoom

AGENDA: This is a virtual webinar and panelist style event themed, 'measuring the health effects of the planetary crisis'. Objectives are to facilitate an in-depth discussion on climate, health, and the intersection of CcH, disseminate the experiences and stories of key actors in the space, and connect voices and weave networks of practitioners in the CcH community

Member-led Network event
29 May / Zoom

AGENDA: This is a webinar presentation on 'forming effective collaborations within the online network' with an objective to build and deepen the skills needed for network members to co-create and collaborate on various shared opportunities in the network

Member-led Network event
19 June / Zoom

AGENDA: Tentatively this is an informal networking session around various themes (e.g. community, staying inspired, collaboration etc.) where network members have the space to meet, use it as they would for a meet and greet - getting to know the new cohorts and vice versa and spending time to reflect and discuss on the theme

2024 ICCCH
25-27 Apr 2024
Montreal Canada

AGENDA: The 2024 International Conference on Climate Change and Health is themed, 'Uniting for a sustainable future: Mobilizing for climate and health equity at CCHealth2024'

Network Events

External CcH Events

3

A **library of tools and guidelines** curated to support the Network Management Team as they work towards eventually running learning events independently

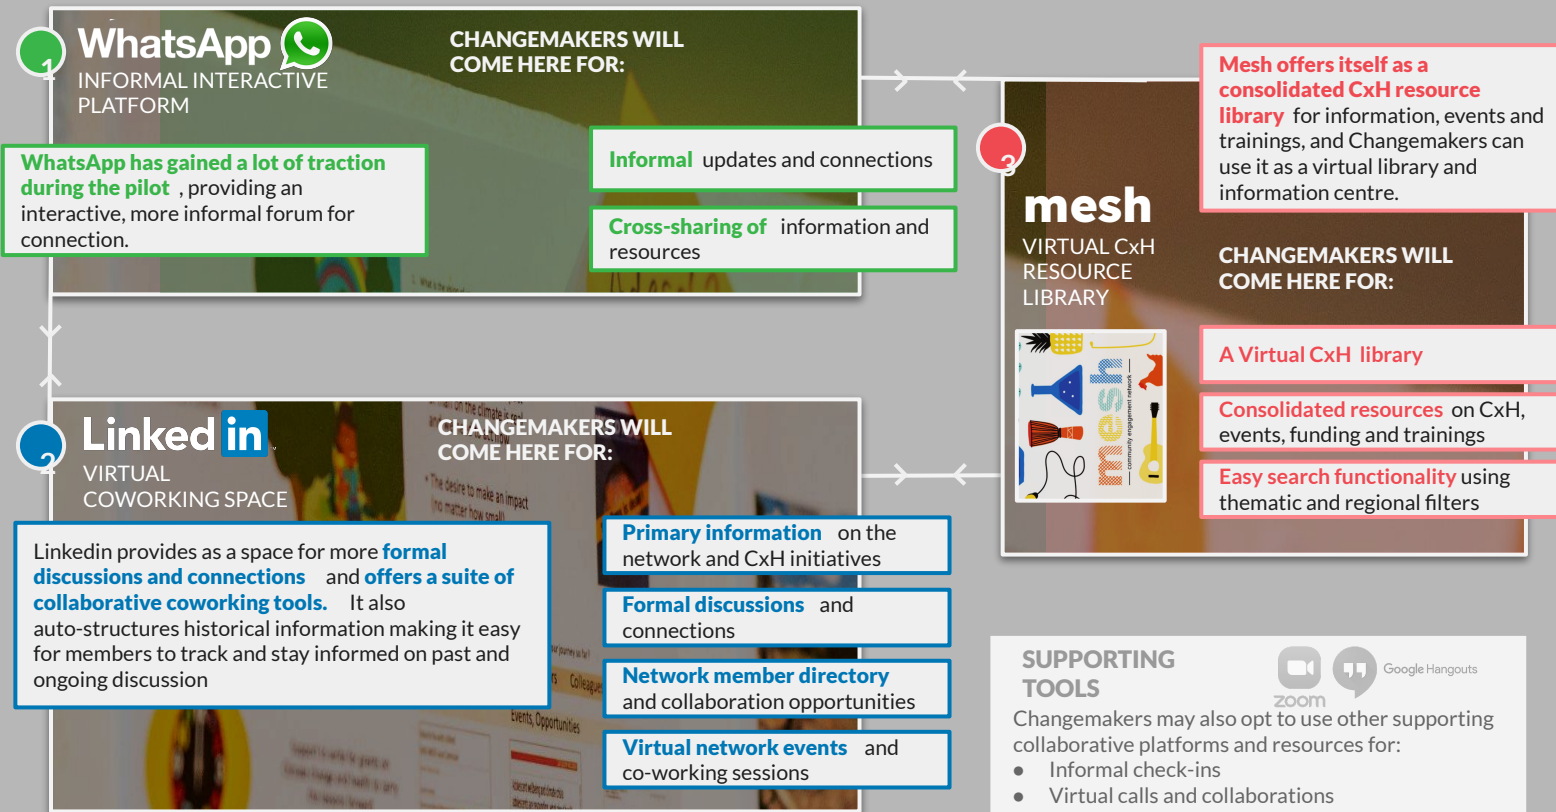

Contents

- Snapshot of different events
- How to: *before, on-the-day, and after an event*
- Useful templates
- Skills-building resources
- Network archive

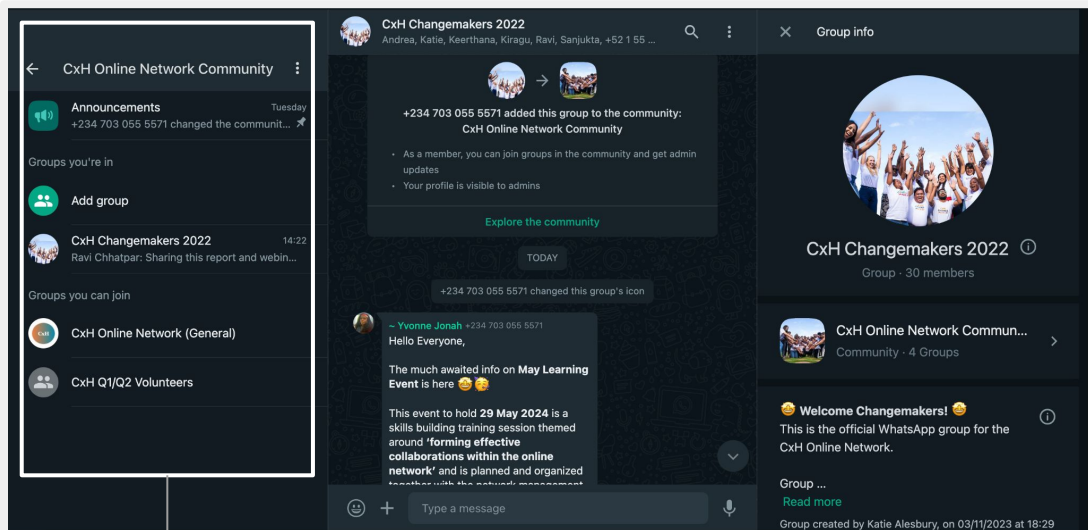

This template is intended to be a **live document**. Please build on these resources as the network hosts more events.

WhatsApp restructuring

Due to the traction it has gained, **WhatsApp** will now be included as a **primary platform for** shared connections and information sharing

The new **WhatsApp structure** will utilize the “communities” feature which will retain the informal PE Leadership alumni group **as well as** the following additional sub-groups:

- **CxB Online Network (General)** - This group will be a general shared group between CMs and the new WT grantee cohorts and other networks that will be joining the online network.
- **Announcements** - This group is automatically created upon creating a WhatsApp community and will be used by only community admins to share and archive opportunities and resources for easy reference.

Announcing Mini-Grants!

CxH Online Network Mini-Grants

Launching June 2024

We are excited to launch the CxH Online Network Mini-grant Fund!

We know you have a wealth of ideas to advance knowledge and build ecosystem connections at the intersection of climate and health. This Fund will operate as two mini-grant programs, which together aim to incentivise new collaborations, innovative activities, and collective momentum within the online network.

Opportunity 1

Collaborative Knowledge Generation Mini-grants

Grants of £300-£500 awarded jointly for proposals in which two or more Changemakers work together on a new CxH knowledge product.

Illustrative activities include -

- Developing a blog post, short video, or mini podcast sharing learnings from past research
- Development of a mini content module to share on MESH
- Development of a grant proposal using tools from the original Changemaker curriculum

Opportunity 2

Online Network Ambassador Mini-grants

Grants of £300-£500 to individual Changemakers to advance CxH ideas and tools at external events or with non-Network communities.

Illustrative activities include -

- Preparing CxH material to share at a climate or health-focused conference
- Train-the-trainer subsidy for sharing Network content with a third-party community
- Preparing a share-out for the Network from relevant event

Apply now! To apply for either or both grants, [use the short form here](#).

Reach out to the Program Team (Yvonne.Jonah@dalberg.com) or on the [WhatsApp group](#) with any questions.
