

How can TGHN Support you?

The Knowledge Hubs

Transferring knowledge and exchanging methods, processes and research findings between diseases, regions and organisations.

[View Knowledge Hubs →](#)

The Training and Study Resources Centre

eLearning courses are designed to cover every step, process, and issue that needs to be understood in order to conduct high-quality research.

[Review learning opportunities →](#)

Global Activities

Supporting community-led evidence into practice. Major health challenges solved by local care workers.

[View what's happening where →](#)
