

Healthy Life Trajectories Initiative (HeLTI) Trainee and Early Career Researcher (ECR) Seminar Series presents:

Presenter:

Dr. Lulu Wang, M.D., Physician

Obstetrics & Gynecology Hospital of Fudan University

Topic: From Hypothesis to Implementation: Designing Rigorous Clinical Trials in Gestational Diabetes

Brief Description: Gestational diabetes represents a growing global health challenge that affects both maternal and fetal outcomes. Treatment decisions often rely on high-quality clinical evidence. Therefore, well-designed clinical trials are essential to evaluate new interventions, optimize management strategies, and improve pregnancy outcomes. This presentation will explore how to better translate a scientific idea into a high-quality clinical trial in the field of gestational diabetes.

When: Wednesday, April 8th at 8:00 EDT (12:00 GMT; 14:00 SAST; 17:30 IST; 20:00 CST)

ZOOM: [Meeting Link](#) / **Meeting ID:** 841 4806 6392 / **Passcode:** 339841

ALL are welcome to attend – please disseminate widely.

If interested in presenting during this series, please contact the HeLTI Office: helti@helti.org
