

Healthy Life Trajectories Initiative (HeLTI) Trainee and Early Career Researcher (ECR) Seminar Series presents:

Presenter:

Dr. Ravi Retnakaran, M.D., FRCPC FCAHS

Professor of Medicine at University of Toronto;
Endocrinologist at Leadership Sinai Centre for Diabetes,
Mount Sinai Hospital

Title: The Life Course Perspective of Gestational Diabetes and its Implications for Embedding Ancillary Studies within the HeLTI Trials

Objectives:

- 1.** Elucidate life course relationships between maternal glucose in pregnancy and future risks of type 2 diabetes and cardiovascular disease
- 2.** Discuss concept that maternal glucose in pregnancy identifies underlying tracks of evolving cardiometabolic risk in young women
- 3.** Discuss resultant implications for embedding informative ancillary studies within the HeLTI Trials

When: Monday, May 25th at 8:00 EDT (13:00 BST; 14:00 SAST; 17:30 IST; 20:00 CST)

ZOOM: [Meeting Link](#) / **Meeting ID:** 841 4806 6392 / **Passcode:** 339841

ALL are welcome to attend – please disseminate widely.

If interested in presenting during this series, please contact the HeLTI Office: helti@helti.org
