

Clinical Trials in East Africa: A One Day Skills-Sharing Workshop

Thursday 12th July 2012

NIMR Headquarters, CEEMI building Dar es Salaam 2448, Luthuli/Ocean Road

A free one day workshop open for to everyone involved in Clinical Trials in Tanzania and surrounding areas.

This workshop is a partnership between Global Health Trials and the National Institute for Medical Research. The aim is to bring together all those involved in different types of trials across all diseases and locations in order to share knowledge, experience, tools and build a professional network between clinical trial investigators and staff in East Africa. We welcome investigators, clinicians, clinical officers, research nurses, laboratory staff, pharmacists, data managers, monitors, coordinators, research reviewers and sponsors from the public or private sector.

- An Overview of Clinical Trial Capacity in Tanzania - Prof. Fred Mhalu - MUHAS
- Clinical Trials Regulations and Guidelines in Tanzania: Success and challenges – Dr. Julius Massaga/Joyce Ikingura
- Career development and Training to build Clinical Trial Capacity in Tanzania – Dr Andrew Kitua
- General Overview of Quality Assurance in Clinical Trials - Trudie Lang
- Success and challenges for conducting a clinical trial in routine settings – Dr Sayoki Mfinanga
- The way we are monitored and the way we monitor clinical trials in Tanzania – Dr. Wanze Kohi
- Informed Consent and Community Engagement – Prof. Mohammed Bakari
- Introduction to Global Health Trials - Tamzin Furtado
- East African Global Health Trials Regional Faculty - TBC

Lunch and refreshments will be provided. The meeting is free to attend - prior registration is essential. Please contact: info@globalhealthtrials.org

We regret that travel expenses and accommodation cannot be met by the organisers.
